Job Definitions					
¹ Full-time equivalent (FTE) is equivalent to one employee working full time or more than one person part-time, such that the total working time is the equivalent of one person working full-time. Generally, full-time positions will involve between 35 and 40 hours in a regular workweek. An FTE calculation is the total hours worked in a week divided by the regular workweek. FTEs do not include positions created as a result of subcontracts to undertake work on the project (e.g. construction, suppliers, etc.). ² Permanent job is a position without a fixed end date. ³ Temporary job is defined as a temporary or contract position with a fixed end date. ⁴ Maintained refers to employment that existed prior to the project, but which would not have continued, or would have been unlikely to continue, if the project had not been funded.
